

Dr Simon Potter

Director of Manitoba, Genome Prairie

Dr. Simon Potter has a global reputation as an expert in the area of biomaterials design and processing. He holds a PhD in biochemistry from the University of Edinburgh in Scotland and has held senior research positions at the University of British Columbia, FP Innovations, the Composites Innovation Centre and the CSIRO in Australia where he managed an \$11 million research program in forest biomaterials. Dr. Potter is currently Director of Manitoba for Genome Prairie in Winnipeg, Canada and an Adjunct Professor in Biosystems Engineering at the University of Manitoba.
